6 Benefits of Your ACA Membership

01

Advocate for Your Professional Interests

With our federal government affairs office in Washington, D.C., ACA advocates for you on Capitol Hill every day. Our advocacy team lobbies, educates, and weighs in on issues at the national and state level that directly impact your daily business. ACA is protecting the future of the ARM industry, but we can't do it without the support and involvement of our members.

02

Increase Profitability

Raise your company's reputation by adding ACA's member logo to your website and promotional materials. Use insights gleaned from the weekly ACA Huddle, a free, members-only online event, to enhance your operations. Get insurance, bonds, and licensing through Collectors Insurance Agency. Still not sure how to leverage your ACA membership? Just ask us!

03

Dive into Professional Development

Interested in expanding your level of operational knowledge, mastering core competencies, and continuing your education? Your ACA membership unlocks discounted rates for countless online learning courses. Plus, we offer seven professional designations for a range of experiences and roles. This industry changes fast—stay up to date with ACA's professional education.

04

Fight Meritless Lawsuits

Only ACA members can apply for the Industry Advancement Fund (IAF) to help defray litigation costs from nuisance claims and meritless lawsuits. With the IAF's financial support, ACA has reshaped judicial doctrines and driven positive decisional law, making it easier for you to conduct business. Your ACA membership dues support this program.

05

Connect with Your Industry Peers

Leadership can be isolating, but with ACA, you're never alone. Our events give you a chance to meet and exchange ideas with peers and vendors in person, and our online webinars are highly interactive. Plus, you can find out what your fellow members are up to in any of our members-only monthly online chats.

06

Access Compliance Resources

Do you want compliance documents to help bolster your CMS? Visit the ACA SearchPoint library. Looking for recaps of the latest legal decisions in the ARM industry? Check out our Daily Decision archive. Need a weekly compliance update? Attend the ACA Huddle webinar. Have a compliance question? Email our Compliance Help Desk.
